

A learning program for **direct service staff and supervisors working in Child Welfare.**

ABOUT

This eLearning program provides information to Child Welfare professionals on the dangers of children's exposure to harmful medications and ways to safely secure medications. During this training, staff learn the proper use of medication lock boxes and storage bags and how to use a strengths-based approach to discuss the importance of safeguarding medication with families.

BENEFITS

Learners will:

- Understand the dangers of child exposure to harmful medications.
- Receive information on how to safely secure medications.
- Be prepared to talk to families about safe storage, proper disposal and the availability of resources including the Poison Control Center.

COMPONENTS

Once enrolled in the course, learners will complete:

An online pre-test

A one-hour eLearning course

An online post-test

Completion of all components is necessary to receive a Certificate of Completion.

PREREQUISITES
