

A learning program for **all levels of staff working in Child Protection, Juvenile Justice, Prevention or Foster Care services, and provider agencies.**

ABOUT

This eLearning program provides a greater understanding of the history of the New York City Child Welfare system and its components and roles. During this eLearning training, learners explore the laws and events that shaped the Child Welfare system and learn about the different components within ACS and how they interact with each other and provider agencies.

BENEFITS

Learners will:

- Be provided information about the unique structure of the Child Welfare system.
- Be able to explain the historical factors that have influenced current practices and policies in the system. This includes efforts to reduce racial disproportionality within the Child Welfare system.
- Be able to describe the different components (divisions, departments and agencies) of the Child Welfare system and their interactions with each other.
- Be able to describe the different staff roles within each of the system's components and their interactions with each other.
- Be better able to increase cross-functional teamwork and collaboration across divisions to break down silos.

COMPONENTS

Once enrolled in the course, learners will complete:

A 40-minute eLearning course

Completion of all components is necessary to receive a Certificate of Completion.
